

I first attended Michelle's Life Map Workshop back in January 2007. During that time of my life, I just moved back to Jacksonville, FL after being home in Hawaii for 6 months. My marriage was quite shaken at that time and I was on the verge of filing for a divorce. I created goal posters but never a Life Map so it was a new experience for me. Michelle gently guided me and also encouraged to open up my heart desires. That evening I went home to share with my husband. I was afraid to show him my map because it was focused on our marriage. At that time I didn't know if we would survive as a married couple.

At the end of the year I was stunned when I looked at my Life Map Poster. Below is a part of my Life Map in January 2007. What caught my eye in November 2007 when I looked at my Map, "save your marriage in an instant." "Down to Basics."

By November 2007, Bobby and I started to communicate better. We went down to Basics, communicating better, having date nights, and earning each other's trust again.

I was excited to attend her next Life Map Workshop she holds the beginning of each year. I was thrilled to share with the group what happened last year. When I completed my Life Map 2008 I was pleased. Again I put it up in my room.

I pointed out the poster to my husband in December 2008. He was shocked. In January 2009, we scheduled our own Life Map event. We stayed up doing our posters. It's October 2009 and again my life desires are fulfilled.

I could not lose the baby weight I gained from being pregnant with my son. I lost 20 lbs. I am also eating healthier.

"Seek God for a lifetime." I am now involved with our Churches Women's Ministry.

We finally got our home in order with new furniture and fresh paint. The color of our furniture is expresso.

We finally went home to Hawaii for a visit. It created a peace between Bobby and I.

Last year, 2008, we were accused of torturing our nieces and nephews. The truth came out this year. Their mother's lies and lifestyle was revealed to my mother-in-law.

"Ignite the imagination of your child." My daughter is in the gift program at her school.

I love my family. We all have a difficult time balancing our time. Well, we are now balancing our life.

Bridging the distance – We are now reconnected with Bobby's girls in South Carolina.
